

The Second Day of Creation

“O LORD, you are my God; I will exalt you and praise your name, for in perfect faithfulness you have done marvelous things, things planned long ago.” Isaiah 25:1

It is hard for us to imagine the world before it was divided into night and day.

As our day is 24 hours long, night time is still a part of the same day. Write out the things that you enjoy doing in each part of your day.

DAY TIME	NIGHT TIME

- What did God create on Day 2 that prepared the earth for living creatures?
Why did He do this?
- What are clouds made of?
- Which planets in our solar system have plenty of oxygen?
- How far out into space can a man go without taking his own supply of oxygen?
.....
- Do you think the arrangements on Earth for sunlight, water, minerals and gases were pre-planned by God, or did they happen when they were ready?
.....
- How long do you think the second creative day was? ☐ 12 hours ☐ 24 hours
☐ 40 years ☐ 1000 years ☐ Thousands of years ☐ Don't know
- Why do you think it was that long?
.....

Write out these different texts referring to “DAY” given in scripture.

- Genesis 1:8
.....
- 2 Peter 3:8
.....
- 1 Thessalonians 5:2
.....
